Sir:

Prior to examination of the above-identified application,
please amend the application as follows:

IN THE CLAIMS (CLEAN VERSION):

Please cancel original Claims 1-26; please add the following
new Claims 27-49:

- A1
27. A process for displaying a perspective image (B) with an
image element (4A through 4H) for at least one occupant of a
vehicle, wherein the image (B) represents the perspective of
the occupant, said process comprising:
generating a virtual display representing the operating
environment of the vehicle,
displaying within the virtual display the image element
(4A through 4H) as a three dimensional image,
